They say that "A picture is worth a thousand words" & this Reef Side Big Rock Beach sizeable lot (0.55 acre/2208.71sq.m) will leave you speechless. With a whopping 66 m/215ft of oceanfront, there's plenty of beach for more than just one family or business! Don't miss out on this wonderful Reef Side opportunity, as there are no other vacant oceanfront properties for sale with this much beach, which is triple the frontage of some other homesites. Your eyes can feast daily on the delicious Caribbean color palette of hues of blue, which are home to an abundance of parrot fish, jacks, yellow tail snappers and so much more! The reef out front will feed your daily snorkeling addiction as the underwater world is never the same!
